

LAP +

Intrepid

This is the badge we made. The shape of the badge is the shape of Alabama because that is where Space Camp is. We have fifteen stars, one for each member of our team. We have a Red Cross sign for our chaperone, Betty. The "I" stands for Ingo, our team leader. The "A" stands for Andrew, our counselor. The "P" stands for Pinstripe, who took over for Ingo when he was sick. The ~~rocket~~ bus stands for the trip to Space Camp from Wisconsin. The word intrepid was our team name. The moon stands for cheese. The cow represents Wisconsin, America's Dairy Land. The small Wisconsin with 4-H inside of it is our state and organization.
