

### **Scanner purchases**

With many of the new changes you will need to be able to scan documents and there are scanners that exist that are less than \$100.00 and some that are very expensive but it all depends on your needs.

The scanners should be purchased through MDS (Shop UW) by going through **SHI** (SHI is a MBE provider). The Computer Peripherals contract number for this scanner from SHI will be 12-5301 <http://www.bussvc.wisc.edu/purch/contract/wp5301.html> .

This is not a mandatory contract but we encourage you to purchase from a MBE provider.
