Wisconsin 4-H Shooting Sports Project Coordinator

RE: Information for All Shooting Sports leaders

Welcome to the 4-H Shooting Sports Program!

Thank you for taking time out of your busy schedule to actively participate in a 4-H Shooting Sports certification workshop and gain certification in one of the 4-H Shooting Sports disciplines (Archery, Air Pistol, Hunting/Wildlife Ecology, Muzzleloading, Reloading, Rifle or Shotgun).

This certification workshop will provide you with a great deal of information and hands-on experiences to better prepare you to work with 4-H youth in the discipline you have chosen. Safety is our number one priority in all workshops and competitive events.

As you desire to share current information regarding the 2009 Schedule of 4-H Shooting Sports Certification Workshops and Competitive 4-H Statewide Invitational Events, it is important to check the Wisconsin 4-H Shooting Sports web site. You may want to do this yourself or request that one of the other 4-H Shooting Sports leaders or youth in your 4-H club do this. The web site address is:

<http://www.uwex.edu/ces/4h/onlinpro/shooting/index.cfm>

This web site will be updated as we get information during the year. A number of certification workshops will hopefully be offered in the fall of 2009, so bookmark the address and visit the site periodically during the year. If you have any problem printing the calendar of events or registration forms, please contact your County Extension 4-H Youth Development Agent or Tom Carpenter 608-262-1223 in the State 4-H Office.

Have a great workshop. We look forward to meeting you in the future at one of our events.

Thanks to the National Wild Turkey Federation, Northeast Chapter Safari Club International, State Chapter Safari Club International, Rocky Mountain Elk Foundation, Federal Cartridge, Friends of the NRA, MidwayUSA, and the Wisconsin 4-H Foundation for making the certification workshops and competitive events possible.
