

ECONOMIC SNAPSHOT

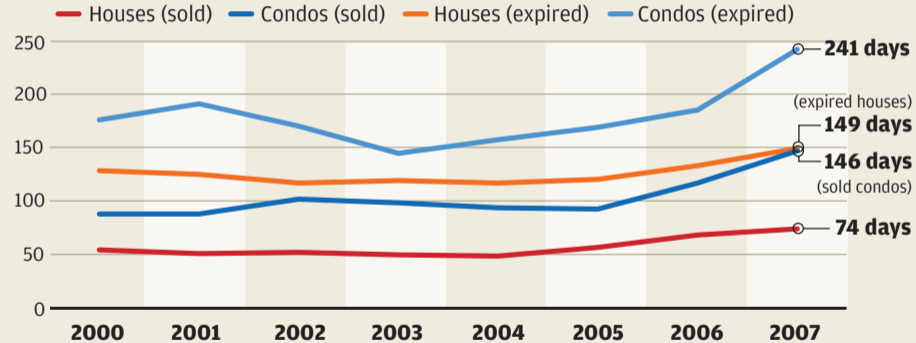

Home sales: Longer stints on the market

Another way to gauge the effort required to produce a home sale is to track the average days on market for sold and expired property listings. According to MLS data compiled by *DaneCountyMarket.com*, the average days on market for MLS listings has increased considerably since 2005.

PART 4 of this month's series on the Dane County housing market.

Average days on Dane County MLS by year
