

Corn Yield Needed On Re-Planted Acres to Achieve Returns Equal to An Alternative Crop

Developed by Bruce L. Jones, Director, UW Center for Dairy Profitability

June 2004

Alternative Crop Data

Crop Name	Soybeans
Unit of Measure	BU
Expected Units of Production per Acre	40
Expected Price (Per Unit of Production)	7
Variable Costs per Acre	178

Corn Crop Data

Expected Price Per Bushel	3
Variable Costs per Acre	200
Needed Corn Yield to Achieve Returns Equal to Those From Alternative Crop	100.67
