

ECONOMIC SNAPSHOT

Comparing per-capita income

In 2004, per-capita income (PCI) in the Madison metropolitan statistical area (MSA) was the highest among the state's metro areas. A comparison of Madison with similar communities:

Part 3 of this month's series on income

Next week: Growth in Madison's per-capita income

Economic Snapshot is a weekly feature provided by the Center for Community and Economic Development, University of Wisconsin-Extension.
