MAY 2008

Featured Content

Strong negotiating skills are a vital component of successful management. Read on to find out how the Biz Info Library can help you learn to strengthen these skills for yourself and your management team.

Management | Negotiation

- **The Art of Smart Negotiating**

This article discusses some of the key aspects of smart negotiating. Such aspects include adhering to specific ground rules, knowing when to play offense and when to play defense (you should be able to do either/both), being able to fend off evidence, and the ability to maintain your edge. The article also addresses how to avoid common negotiating mistakes.

- **Let's Make a Deal**

The premise of this article is that your success as a negotiator depends on your ability to interpret the other person's true interests and objections and successfully persuade them to make the deal. Read on to learn how to negotiate successfully by interpreting 5 subconscious indicators.
