CRD agents work to strengthen the ability of citizens, community leaders and local officials to identify and resolve critical community needs and issues in three broad, interdependent areas: Communities (community revitalization, local government education, demographic information, community management); Natural Resources (land use, waste management, water quality, resource management); Economic Development (small business, recreation & tourism, community economic analysis, energy). For more information, contact Robin Shepard, State Program Leader, Community, Natural Resource & Economic Development (CNRED) Program Area, UWEX-Madison, 432 North Lake Street, 625 Extension Building, Madison WI 53706-1486.
