Programming Areas

- Woodland owner education of forest resources. This includes development of materials, distribution (mailings, workshops, etc) and evaluation. Specific programs include forest certification, landowner cooperation/organizations, Firewise, forest health and forest invasives.
- Rural landowner education similar to above, but topic areas range from wildlife education, shoreland restoration, aquatic invasives and land-use impacts.
- Facilitation of statewide, regional and local efforts in natural resources management.

Audience and Partners

- Woodland, shoreland and rural landowners
- Local WDNR forestry/water resources staff
- County-based UW-Extension faculty
- Land Conservation Departments
- Woodland/Shoreland owner organizations (e.g. WI Woodland Owners Association and Friends of the Jump River)

Team Membership

- Natural Resources – Forestry and Stormwater/ Urban forestry

Educational Resources
