| _____ No flash | | |

Skills Learned

*Check the skills you learned **this year**.*

As a consumer I have learned to

- _____ Determine the features I need in a camera
- _____ Compare the cost of cameras against what I needed in camera features
- _____ The cost and quality of film
- _____ Select the appropriate film for my camera
- _____ Select the appropriate speed of film for the type of photographs taken
- _____ Compare the cost and quality of film developing
- _____ Other _____

When taking pictures I learned to

- _____ Select a specific subject rather than just shooting the picture
- _____ Frame the subject in the viewfinder before snapping the picture
- _____ Hold the camera steady while taking pictures
- _____ Use a flash when not enough light is on the subject
- _____ Have the light shine on the subject instead of behind the subject
- _____ Bring the subject into focus
- _____ Know how far away to be from the subject
- _____ Other _____

When preparing photos for exhibit I learned

- _____ to choose photos that are in focus
- _____ to choose photos that are lighted appropriately
- _____ Which pictures fit each exhibit category
- _____ How to think up appropriate captions
- _____ How to write/print captions so they are easily read
- _____ Other _____

Ways to improve skills for next year _____
