

SUMMARY OF AWARDS FOR MEMBERS, LEADERS AND CLUBS

CLUB MEMBERSHIP LEVEL (ordered through the UW-Extension Office)

PROJECT & ACTIVITY MERIT AWARDS

(Project and activity merit awards are divided into two categories)

1. SEALS

Clubs will be able to give out two seals for every club member (i.e. a club with 20 members may give out 40 seals at no charge to the club.) These seals may be given out as leaders feel appropriate. One or more seals may be given to a single member or may be distributed throughout the club's membership. The seals may be given out in different project areas or more than one in a single project area.

If clubs want to present more than two seals to a club member, additional seals can be purchased from the UW-Extension Office. (see enclosed order list). Please indicate the total number of seals wanted for your club in the space directly in front of each individual seal.

2. CERTIFICATES

Club leaders may give out certificates in any amount they desire. Please indicate on the summary form which certificates members are to receive. Certificates should be given to members who have done an outstanding job in a **specific project area, activity, or an event** during the 4-H year.

Leaders should not confuse the seal certificate which they receive for each member with certificates which will be given out for various projects and activities. The seals and project and/or activity certificates are the same as used in past years.

RECORD BOOK SEALS

Leaders are asked to evaluate record books on the basis of a blue, red, or white seal. Please indicate on the summary form what color seal each members should receive.
