

Project Animal Expenses

(used for all species)

This information is from the day of the first weigh-in to the fair.

- ❑ The market price will be posted for you at the weigh-in. The market price will also be mailed to you with the weigh-in sheets after the weigh-in date.
- ❑ The market value is the weight (multiplied by) X market price. This is the only information that you need for the value of your animals that you purchased.
* **OR** the actual amount that you paid for your animal.
- ❑ The information from this page will go to page 8 for Seniors (grades 9+)
