September 3, 2009

Master Gardeners:

I just wanted to give you a “heads-up” on the specialized Master Gardener training this fall. It will start on Friday, October 30th and then be followed by the next three Thursdays. I had to switch to a Friday for the first session to accommodate a speaker’s schedule. The topics this year will be Woody ornamentals (trees and shrubs) and Turf. I don’t know all the speakers just yet or what topics will be covered on what days. That information will be forthcoming. In the mean time, I hope you’ll make plans as needed and consider attending.

Mike
