Old Business—

Farm Tech—Susan Konopacki passed around a sign up sheet. For those not in attendance, she will have the extension office email out a notice. Susan is still looking for people with “containers” to take out for our displays. She asks anyone doing a container; please write what it is, what kind of plants, and how you made it. Please attach with display.

Susan reported that the t-shirts were in and she submitted a bill for \$230. There was discussion that the shirts should be for everyone to wear when they do volunteer work or represent our organization.

Kim Berg that 12 more signs to be used to “plug” us at projects were delivered to the extension office.
