

JEFFERSON COUNTY 4-H

THERE'S A 4-H CLUB NEAR YOU

4-H community clubs are youth in Kindergarten grade through one year beyond high school graduation (grade 12) coming together. Each club is unique because the members themselves decide the 40 or more projects and activities they want to do.

To start a 4-H club in your neighborhood ... It's as easy as 1-2-3 !!!:

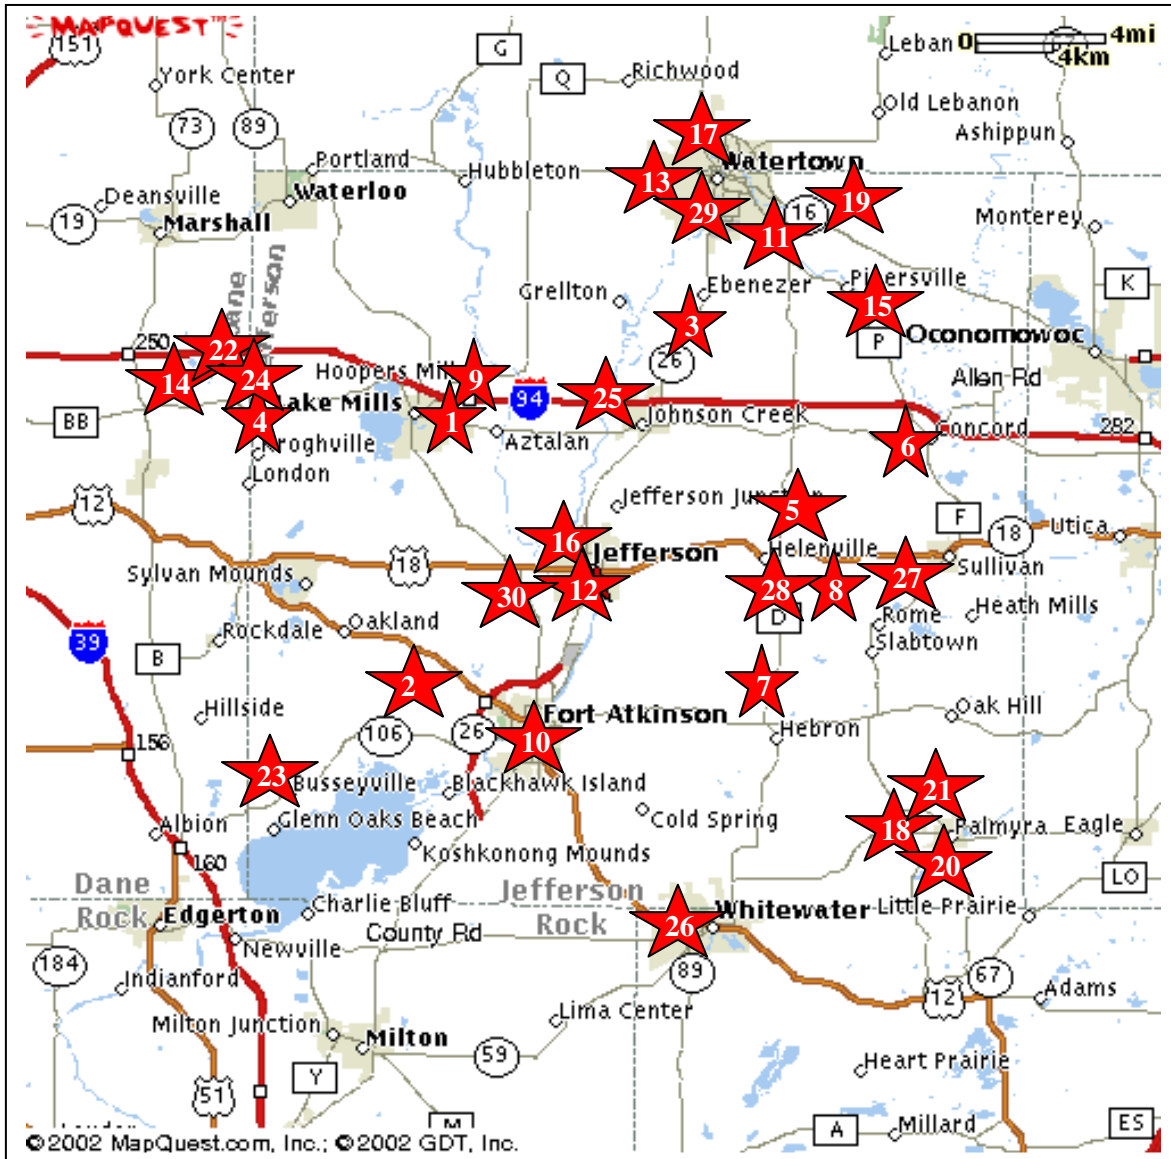

It takes a small group of 5 or more young people from at least two or more families and at least two adults who are willing to work with them. Before the club becomes official, proper paperwork must be completed along with the adult volunteer attending a 2-hour volunteer training program and fills out the Volunteer Information Form. The group works with the Youth Development of 4-H Youth Staff Assistant to establish a meeting day, time, club name, and start brainstorming the projects and activities the youth want to do. Support for this new club begins with the UW-Extension office, the Jefferson County 4-H Leader's Association and the 600 plus members of Jefferson County 4-H.

To join 4-H an existing club:

You can join 4-H if you are in Kindergarten through 1-year beyond high school graduation. Here's what you need to do ... First, select a 4-H Club to join. Note the existing clubs listed below, when they meet, and where they meet. If one fits you, give the UW-Extension office a call and ask for more information and a contact person for each club in your community. Second, call the club's contact person and find out a little more about the club and its members. Most 4-H members join in the fall, but new members can join until March 1 in order to participate at fair. Third, attend the 4-H club meeting with your parents and fill out and complete a 4-H enrollment form, select your project(s) and get ready to discover what 4-H is all about.
