Session 1 Options:

Cultural Arts

Judy Berdan

During this class, you will learn about fun cultural arts projects that you can teach youth. You will also learn how help youth prepare and finish cultural arts projects for the fair. Bring you questions!

Working with Children who have Special Needs

Linda Krenz

This class will focus on ways to make to make 4-H successful for members with special needs. The topics include: Autism, Down Syndrome, hearing impaired, visual impaired, ADHD and Modification and accomodations, acceptance—making all members feel welcomed and valued. This is a great session for every leader.

I'm a Project Leader, Now What?

Jean Berger

Are you new to 4-H or a new project leader? This class will help you get started as a project leader. Learn what a project meeting should look like, having appropriate meeting space and incorporating fun into your meetings.

Dogs

Patty Riske

Are you interested in becoming a dog project leader? This class will give you a sample of what a dog training class should look like. Learn how to teach basic obedience and showmanship to youth and find out what kind of equipment you will need. Meet Colonel, the Border Collie who has over five years of experience working with his handler in the 4-H dog project.

Session 2 Options

Rabbits

Crystal Krienke-Bonkoski

This class will include an interactive training and discussion on all things domestica rabbit using the "4-H Skills for Life Animal Science Series". Chrystal has a wealth of information to offier you! She is the American Rabbit Breeders Association Registrar, she has been a rabbit project leader for 17 years, she's the American Chincnilla Rabbit Breeders Assoc. Vice President and she has bred and shown American Chinchillas, Giant Angoras and Jersey Woolies.

Photography

Chris and Beth Brown

Chris and Beth have just completed a photography training at Upham Woods and Beth was on the State Photography Team last summer! Participants will review the seven steps to leadership success, how to design a photography project meeting, the five necessary steps to compose a photo and fun phot project activaties to do with kids.

Foods and Nutrition

Jackie Carattini

Jackie will teach about menu and themes for foods revue; preparing canned items, cookies, bars and candy for the fair; nutrition and the food pyramid; and, what to know and be able to discuss during face to face judging.

Cloverbuds

Amber Brei

This class will include: discussion and networking with other Cloverbud leaders, understanding 5-8 year olds, examples of Cloverbud curriculum, what is expected of Cloverbud leaders, and how to organize a Cloverbud group.
