

Agribusiness Incubator Project

December 15, 2003

Meeting Summary

1. The meeting began with a review of the November 10, 2003 meeting and was asked if there were any additional items they would like to add to the lists of items that should be included in the screening processes for both the people who might be interested in being a part of the process and potential sites.
 - a. Additional items to be considered in screening candidates
 - Evaluate how serious they are.
 - Experience isn't critical but mentoring system should be matched to the needs of the mentor. Different tiers should have different mentors.
 - Flexibility mindset of the exiting farmers/mentors.
 - Exiting farmers/mentors need to be financially secure.
 - There should be criteria for evaluating herd health.
 - b. Additional items for screening sites
 - Match to career stage of apprentice
 - Match exit goals of farmer/mentor

2. Developing a Mission Statement and Goals: General long-term goals and a few short-term goals for the project were discussed at the earlier meetings. The next step was to begin to develop a mission/vision statement for the project and to develop some goals that could be accomplished by different work groups. The first step in the development of mission statement was working through the components of such a statement: who does what to whom.
