Adjuvants

Ammonium sulfate	0.24 lb
Crop oil concentrate	7.52 gal
Methylated seed oil	14.82 gal
Nonionic surfactant	15.64 gal
28% liquid fertilizer	3.50 gal

LL= Liberty Link, RR=Roundup Ready, CF=Clearfield

Full rate = the rate when a single rate is recommended on the label.

Standard rate = the typical rate used when the label lists more than one rate.

Low rate = the lowest rate listed on the label.

High rate = the highest rate listed on the label.

Prepared by Chris Boerboom, Extension Weed Scientist, and Tim Trower, Sr. Outreach Specialist.
