

Waupaca County Farm to School

Waupaca County Farm-to-School is pleased to be teaming up with many local farms and businesses to provide a new option for your holiday shopping. The farm-to-school project brings fresh, locally grown food and educational opportunities to students in our area schools. This last year the Waupaca County Farm-to-School connected growers to all of our schools for nutrition and local produce information.

This unique fundraiser features a variety of high-quality, mostly edible items that are produced right here in our own backyard by sustainable farms and businesses. It's a delicious and convenient way for us to support local farms and businesses, as well as our schools, while taking care of holiday shopping.

*When you choose to support this local fundraiser, proceeds will benefit school programs and help to continue the Farm-to-School network and education.

We encourage you to invite family and coworkers to place orders through you! Additional forms are available at <http://waupaca.uwex.edu>. This form may be copied.
