

Minutes

Winnebago Towns-County Planning Meeting

August 30, 2001

7:05 PM

The meeting was opened by chairman Ray Batley with a round of introductions by those in attendance.

Mike Koles reviewed the vision statements that had been decided and accepted at previous meetings. Also reviewed were the principle thoughts of the two sub-committees: urban vision and rural vision. Mike Koles (filled in for Frank Frassetto) and reviewed the urban vision in more detail. Marty Johnson reviewed the rural vision in more detail.

Denny Briggs discussed the handout; Housing Wisconsin, UW Extension, March, 2001. The booklet is to be read and studied by committee members because low income housing needs to be addressed in the final plan.

Jerry Bougie, Winnebago County Assistant Planning Director presented elements of Housing. Jerry provided three handouts and projected them *with detailed discussion from the Census 2000 general demographics.*

Mike Koles provided two hand outs as home work for the September meeting: Must Read...

- 1) common housing elements data
- 2) Winnebago County Comprehensive Plan: Fitting Pieces Together

Use the handouts as a reference to urban/rural vision. Identify goals 1, 2, 3 for housing. Then search for issues and opportunities for the next meeting. Come prepared!

Next meeting is September 27, 2001 6 PM.

Meeting adjourned at 9:05 PM

Respectfully submitted, Secretary John Hinkfuss
