

DRAFT

Minutes

Winnebago Towns/County Planning Committee

August 22, 2002

7:00 PM

Meeting was started by Ray Bately at 7:00 PM. Ray announced that there will be an ad hoc committee of volunteers among the group to study and advise on a sewer/sanitary district.

Bert Stitt started with introductory rounds and a recap of his activities. He has visited all the towns, cities, and villages. There he emphasised stewardship , with notes of his visits to be distributed later.

Larry (PDI) talked about other counties and compared this to the early version of the Winnebago County plan. What is the framework on how different land use plans stitch together.

Gaurie (PDI) reviewed the bus tour again. The new highway construction and the impact on towns was shown, cost of maintaninance on town roads in low density populated areas was brought up, urban areas impact towns with their expansion and growth, towns need subdivision ordinances to stabilize orderly growth.

Larry spoke of a need for a policy of the county plan to show a relationship to all the other plans of towns and cities. This is necessary even if some towns have no recent plan in place.

Reference was made to the handout: Land Use Districts. Five districts were listed and there could be more if discussion suggests it. Bert asked if the corridors are properly divided, types of corridors, list of issues for each, level of detail for each, correctness of the "map", traffic counts, traffic scenarios, building county plans from local plans, high and low growth areas. What's next? We need to redo the map and examine other map options, and look at issues by area.

Ray Bately asked for each town to respond to the request for \$210 to supplement the cost of the facilitator study. Some of us have not responded.

Bert said we may need more than one meeting per month to accomplish our goals of governance, advising committees, and the need for town and county board endorsement . We also need meetings for public participation. The first public meeting is now scheduled for October.

Meeting adjourned at 9:00 PM

Next meeting will be held on September 26, 2002 at 5:00 PM at the the Winneconne Town Hall.

Respectfully submitted, John Hinkfuss Secretary *JH*
