Needs Assessment Survey Questions

Discussed the questions that Peter Manley sent to the group in an email on July 12.

Suggestions were made regarding the wording of questions and the order in which they should be asked. Discussed the rating scale and decided to keep it as is (1-7 scale). Gary Itzkowitz will compile the final list of questions and send it to Peter, who will forward it to the group.

During the July Central District teleconference, the counties asked for a press release to send out prior to doing the survey. Mark Hilliker will work on this.
