

In an ongoing commitment to provide quality training and build capacity for home visitation programs in Wisconsin, UW-Extension, Cooperative Extension is pleased to provide training opportunities in program tool administration.

Support for these training events provided by:

The Child Abuse Prevention Fund,
The Early Years Home Visitation Outcomes Project of Wisconsin, and Parents Plus, Inc.

Brochures also available at:
www.uwex.edu/ces/flp/homevisit

**Ages & Stages Questionnaires and
The HOME Inventory**

These two tools are being selected more and more often by successful home visitation programs nationwide to help collect data on the outcomes of their services. Both tools have been shown to have acceptable validity and reliability rates for use with diverse populations of families with young children.

Authors of both tools provided "Train the Trainer" sessions for the Wisconsin team of trainers so that we can bring you a valuable training experience.
