Military Families Connect Purpose

Military Families Connect (MFC) provides an opportunity for military families to form an alliance in a supportive environment.

MFC, a project of the Family Resource Center of Sheboygan County, provides an information and referral service supporting and serving our servicemembers, their families, and the communities in which they live.

Building Strong Families and Strong Communities.

Military Families Connect

**“Community based support
for military families and
military members”**

***Military Families Connect**
bridges the gap for military
families, which are "islands
within civilian communities."*

Military Families Connect (MFC)
was formed in March of 2003 for
military families of Sheboygan County.

These families do not have the
benefit of living with their peers on a
military installation, and sometimes feel
they are "islands in a civilian
community."

By joining military families
together in our community, the
opportunity exists for them to network
and connect. They possess a wealth of
information and are support for each
other. Families can share issues and
concerns, identify needs and build a
network of support.

We welcome spouses, children,
parents, grandparents, siblings,
extended family members and military
members serving on Active Duty, in the
Guard and Reserve branches of the
Army, Navy, Air Force, Marines and
Coast Guard, in any duty status.

WE HONOR THOSE

WHO SERVE

**Supporting our military families
and military personnel.**

The Family Resource Center
(FRC) of Sheboygan County has library
resources available to the community to
check out such as adult books,
children's books and videos on many
parenting topics in addition to military-
related issues. A Military Families
Connect Coordinator is on staff at the
Family Resource Center to assist you in
finding the right resources for your
needs and interests.

In addition, interactive and
educational presentations on Flag
Etiquette and Facts or Patriotism and
Military Life are available to students
and organizations. Contact the MFC
Coordinator for more details.
