

## **Acknowledgements**

We would like to acknowledge the exceptional educational programming efforts performed across the state, and to thank each of you for your contributions. The caliber of impact reporting in Wisconsin is unsurpassed – and depends greatly on your dedication to the Wisconsin Idea and desire to improve the lives of our citizenry.

Your on-going educational efforts are important, and we thank you for all that you do to maintain UW-Extension's presence in communities statewide.

In April, we submit Cooperative Extension's annual accomplishments report to the U.S. Department of Agriculture Cooperative State Research, Education and Extension Service (CSREES). Thank you to everyone who reports to the Planning and Results System, and to the following self-directed teams and individuals selected by program administrators to highlight progress toward federal goals during fiscal **year 2006**.

### **National Strategic Goal 1: An agricultural system that is highly competitive in the global economy (Page 2)**
