Sponsor a Leadership Wisconsin fellow – gain mutual benefit

Leadership Wisconsin is specifically designed to encourage emerging leaders in Wisconsin to take the next step, to enter into a new level of their leadership development.

Every leadership fellow is responsible for tuition. Many fellows seek support from their companies, trade organizations, service organizations, foundations, etc. to augment this cost.

You may know someone or some community that has benefited from Leadership Wisconsin. Now would be a great time to support a new emerging leader in Wisconsin defray the cost of this training.

Yes, I'd like to support a current Leadership Wisconsin Fellow. [See Sponsor Card below](#)

I don't have a particular person in mind, but would like to support the work of Leadership Wisconsin. [Donate online](#)
