

## **Wisconsin Association of Distance Education Networks (WADEN)**

### **WADEN Supported Staff Development Policy —Passed on January 8, 2003**

WADEN annually supports a representative/participant to one major national or international conference on communication technologies.

- The representative shall be the WADEN chairperson or an individual selected by the executive committee.
- Expenditures are not to exceed the line item budgeted amounts.

While it is assumed that our representative will learn a great deal, the main purpose of sending our chairperson is to represent WADEN and Wisconsin.
