

Wisconsin Barn Raising Project

Photographed and Submitted by: Richard Cornette

Location: 4875 Cty "P", Sturgeon Bay, WI (Door County)

Constructed in 1973. Approximately 30' x 56' x 26'.

This barn was used for a small farm. Housing mostly young stock, just the right size for small acreage.

This barn was built by Millard Moore and some of his friends. There is a hay loft with pens and stalls also a barn cleaner.
