

***New WisLine Delivery Options
For 2006-2007***

"Materials Only" continues to be a popular way for users to access the programs available in our WisLine series. To make ordering easier and more complete, we are bundling every print packet with a CD or cassette tape of the audio portion of the program. These will all be ordered from the Local Government Center.

Audiostreamed programming just gets better and better, with improved scanning of print documents to PDFs. Now you can try a free audiostream to see if this option works for you. Visit www.uwex.edu/lgc/program/wislineinfo.htm.

Also, to make things simpler and more cost-effective, we have standardized prices. Any of the above options costs just \$20.00 per air date. We have also simplified pricing for live attendance at WisLines, with each program \$15.00 per date.

Wrap-up Of Spring Workshops

163 people attended at six sites. Two-thirds of the county officials were new to their job. Comments included:

- I will be more clear on conflicts of interest.*
- I will run a better committee meeting.*
- I wish all supervisors would have attended.*

Spring 2007: Towns | **Spring 2008:** Counties

***Fall Workshops
September-October 2006***

Plan to attend our fall "**Local Budget and Personnel Workshops**". This program is designed for *new* and *continuing* town and village officials. The workshops will travel to Ripon, Mineral Point, Brookfield, Rice Lake, Cable, Minocqua, Tomah, Stevens Point, and DePere. Registration forms will be available by August 1st from your Extension office and on our website.

To see the workshop agenda, visit <http://www.uwex.edu/lgc/program/workshops.htm>.

Friendlier Website

Over the next few months you will see some changes in the LGC website (www.uwex.edu/lgc). Look for:

- simpler navigation
- more user-friendly layouts
- announcements of new WisLine topics
- additional downloadable documents and revisions of some existing ones
- an improved search feature
